Domestic Flat Rate Shipping

Available for Priority Mail Express or Priority Mail

- ★ USPS-produced Flat Rate packaging must be used to receive Flat Rate prices
- ★ Container flaps must be able to close within the normal folds
- ★ **Flat Rate Envelopes** – multiple-sized envelopes including legal-size and padded
- ★ **Flat Rate Boxes** – medium sizes for Priority Mail Express; and small, medium, and large sizes for Priority Mail

DMM 123.1.5

Regional Rate Priority Mail

- ★ Prices are based on box size and zone.
- ★ Intended for mailers shipping to regional destinations (generally within a 600-mile radius)
- ★ Regional Rate Box options:
 - ★ Box A: (Side or top loading) maximum weight limit of 15 lbs.
 - ★ Box B: (Side or top loading) maximum weight limit of 20 lbs.
 - ★ Box C: (Top loading only) maximum weight limit of 25 lbs.

Priority Mail: Large Lightweight Packaging

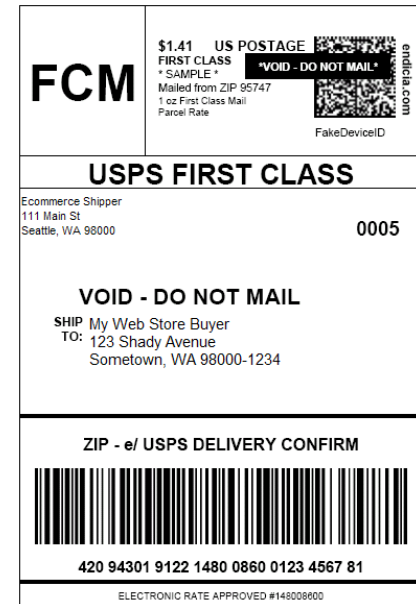

Large, lightweight packages (non-Flat Rate) take up a lot of space in air cargo, and different prices may apply based on the amount of space used.

- ★ **Balloon Prices:** Items addressed for delivery to **Zones 1-4** that weigh less than 20 pounds but measure more than 84 inches (but not more than 108 inches) in combined length and girth are charged the applicable zone price for a 20-pound parcel.
- ★ **Dimensional Weight:** Postage for items addressed for delivery to **Zones 5-8** and exceeding 1 cubic foot is based on the actual weight or the dimensional weight, whichever is greater. Calculations can be done on rectangular and non-rectangular packages to find the dimensional weight.

Sometimes it is best to try to repackage the item, if possible, to avoid the extra charges.

First-Class Mail/Packages

- ★ Delivery time varies
- ★ Price is dependent on weight
 - ★ Letters – max weight 3.5 ounces
 - ★ Large envelopes and packages – max weight 13 ounces
 - ★ Items over 13 ounces are Priority Mail
